Request for Applications (RFA)

Track C: Instructor's Toolkit and Simulation Program Implementation

(Fall 2016-September 30, 2017)

Completing the Track C application signals your interest in integrating adolescent SBIRT education into your existing associate, undergraduate, and/or graduate level social work and/or nursing curriculum. This application asks about your intentions for enhancing the educational experience for students, faculty/educators, field placement supervisors, field instructors, and preceptors in schools of nursing or social work.

Please complete Steps 1 and 2 below using this Track C: Application Template:

- **Step 1:** Review the Minimum Technical Requirements (Technical Specifications) for online simulation training (RFA Appendix A) and confirm your institution complies with the requirements to run the *SBI with Adolescents* simulation.
- **Step 2:** Provide brief detail on your plan to integrate the Adolescent SBIRT education into your curriculum using the *SBI with Adolescents* simulation program and *Instructor's Toolkit*.

Information about these materials is described here: <http://sbirt.webs.com/curriculum>.

COMPONENTS OF THE APPLICATION

STEP 1: Review the Technical Requirements in Appendix A. Confirm compliance here:

___ Yes, I am able to meet the technical requirements to run the simulation program.

___ No, I am not able to meet the technical requirements to run the simulation program and choose only to implement the *Instructor's Toolkit* educational materials.

STEP 2: Complete items 1-12 below to provide information about your academic institution and to provide brief detail on your plan to integrate the Adolescent SBIRT education into your curriculum using the *SBI with Adolescents* simulation program and *Instructor's Toolkit*.

a. **Implementation of *SBI with Adolescents* Simulation:** If you indicated above that you plan to use the *SBI with Adolescents* simulation program, please briefly describe how you plan to integrate it into the courses listed above. In your description please specify how the simulation will be assigned and if participation will be mandatory or voluntary.

Website: sbirt.webs.com

Please be specific in your description providing the name of the courses if applicable. If you do not plan to use the *SBI with Adolescents* simulation please provide a brief explanation as to why your plan does not include it.

b. **Implementation of the *Instructor's Toolkit* Materials:** If you indicated above that you plan to use the *Instructor's Toolkit* educational materials, please describe how you plan to integrate the education into the courses listed above (e.g., included as part of in-class instruction prior to assigning the online simulation program; education will be provided to course instructor's and preceptors prior to implementing education with students). Please be specific in your description providing the name of the courses if applicable. If you do not plan to use the *Instructor's Toolkit*, please provide a brief explanation as to why your plan does not include it.

10. Please describe who will be responsible for assigning and promoting completion of the pre- and post-training surveys before and after implementing the educational materials and/or simulation program (e.g., course instructor, department chair, etc.). What approach or strategies will be used to promote completion of the pre- and post-training surveys?
11. Do you have leadership support to participate in the Track C program (e.g., from the dean, department chair, faculty/colleagues)? Have you already or how will you engage your leadership and others to support its integration into curricula/coursework. (There is no need to include documents of support, please just describe briefly.)
12. Do you anticipate any challenges with participating in the Track C? If yes, please briefly explain how you'll work to overcome these challenges.

Please submit your application by email attachment in PDF or Word format to the NORC SBIRT Team at SBIRTeam@norc.org.

We look forward to receiving your application.

Thank you,

NORC's SBIRT Team
